ESE: Technology Tools for Inclusive Classrooms: Writing

1 hour of ESE professional development, instructor led via virtual platform

Participants will explore writing tools that can benefit students with and without disabilities in inclusive classroom settings. Using these tools, teachers can provide multiple means of representation, expression, and engagement in alignment with Universal Design for Learning guidelines. Both instructional and assistive technology tools will be explored in writing. Assistive technology devices will range in complexity from low-tech to high-tech tools.

WORKSHOP DETAILS

DATE: Nov. 8, 2021

TIME: 5-6 p.m.

LOCATION: live virtual using Microsoft Teams or Zoom

COMPONENT #30280

Section #110949
