

THE ART AND SCIENCE OF POSITIVE INTERACTIONS

This facilitated virtual learning will focus on teacher / student interactions and their impact on the school / classroom climate. Based on the STOIC "I" (interact) principals of Safe and Civil Schools the session will explore:

- The difference between positive and negative interactions
- How to intentionally increase positive interactions
- How to provide more meaningful positive Interactions
- How to provide corrective feedback when needed

Join us as we explore the power of utilizing positive interactions in the classroom!

Earn 2 hours of general credit and 2 hours of trade.
